MISS PALM SPRINGS of 1955, selected by seven impartial judges, is Miss Pat Pucunas, third from left, above. She competed against 17 entrants from various cities and counties in California at Del Mar last night for the title of Miss California. Pictured above on the stage of the Starlite Room of the Chi Chi are, left to right, Roy Randolph, master of ceremonies, sec-

ond place winner Miss Linda Di Grandi, Miss Pucunas, the winner, Miss Sharon Curran, Mayor Florian Boyd, who counted the ballots and wished the winner success and Bill Rashall, who assisted in the promotion of the beauty contest for The Desert Sun. The event was co-sponsored by the Chi Chi and The Desert Sun.

Western Air Seeks to Link City, Phoenix

Newest action in a program designed to establish a complete pattern of direct, one-carrier air service for Palm Springs was taken this week when Western Air Lines filed an application with the Civil Aeronautics Board for authority to operate a 261-mile airline linking the Village with Phoenix.

According to D. P. Renda, Western's vice president-legal who made the announcement, the petition represents the latest development of long-range plans to provide trunkline air service between the Palm Springs resort area and the major metropolitan centers of the West.

Appellate Court Reverses Nathanson Case Decision

Councilman Jerry Nathanson was figuratively called a "naughty boy" by the 4th appellate District court for his use of city stationery given to him and which he used in the last councilmanic election at the same time the same court declared that its feelings were in sympathy with Judge Russell R. Waite's decision to dismiss the grand jury indictment against the councilman.

In effect, the ruling of the appellate court places the grand jury indictment before the Riverside superior court for trial, or possibly two other avenues, are left Nathanson's attorneys.

PAT PUCUNAS CHOSEN MISS PALM SPRINGS

While The Desert Sun was going to press at a late hour yesterday, there was a fervent hope on the part of many Villagers that Miss Pat Pucunas, former employee of the California Electric Power company is selected as Miss California.

Word from Del Mar was that 17 girls from throughout the state were competing for the title, will then go on to compete in the Miss Universe contest at Long Beach next month.

The selection of Miss Palm Springs Friday night was an exciting event before a standing room only crowd in the Starlite Room of the Chi Chi.

Miss Pucunas was chosen by seven judges selected at random from the audience. The runner-up, Miss Linda Di Grandi, was for a time tied with Miss Sharon Curran for

second place necessitating a second vote by the judges with the result that Miss Di Grandi barely squeezed through for second and Miss Curran for third place.

MAYOR FLORIAN BOYD was prevailed upon by Master of Ceremonies Roy Randolph to count the ballots handed in by the seven judges and when the winner was decided upon wished her success in competition for the title of Miss California.

The winner was sponsored by Bill Anderson of Bernard-Anderson photo studios; Miss Di Grandi by her father and Miss Curran by Harold Hicks.

The event was sponsored by Irwin Schuman of the Chi Chi and The Desert Sun.

Work Starts on New Office for Hutton Firm in Center

Construction began this week in The Center, 174 North Palm Canyon drive, on a new building to cost \$50,000, which will house the E. F. Hutton and Company, brokerage firm, this

month.

William C. Tackett, owner, was issued a permit this week for the building which will be another unit in The Center which already houses the Bank

of America, The Desert Sun and other outstanding business firms and stores and is one of the show spots of the Village.

DESIGNED especially for the brokerage firm, member of the New York Stock Exchange by Wexler and Harrison, Palm Springs architects, the building will be constructed of steel, brick terrazzo and glass.

E. F. Hutton and Company expects to occupy the new building about October 1. John Stevenson, supervising the move of the firm from the grounds of the Desert Inn, said:

"Our action is in line with the company's policy of relocating and expanding when business warrants it. Palm Springs is rapidly developing and the move by the company indicates their faith in its continued growth."

THE COMPANY has had an office in Palm Springs continuously for 22 years with the exception of the war period when the Desert Army Training Center took over all available telephone lines. The firm is the only member of the New York Stock Exchange with a Palm Springs office.

The senior partner in New York, "Ruloff Cutten, has spent several months each Winter in Palm Springs. The senior partner in Los Angeles, Gordon B. Cray, will head the office in The Center.

Turf Club's Suit for Zone Writ Denied

Plan for a quarter horse racing meet next fall splintered into bits against the bulwark of a superior court's decision handed down yesterday.

The Desert Turf Club of Rancho Mirage had petitioned superior court for a writ of mandamus against the Riverside county board of supervisors which would, if it had been granted, compel the county body to permit the establishment of a quarter horse racing plant at Rancho Mirage.

HIGH SCHOOL GIRL, 15, SAVES LIFE OF COUSIN

Susan Campbell, 15, San Bernardino high school sophomore, a niece of Mrs. Louise Burket of Burket's Court, 1550 North Palm Canyon drive, was credited this week with saving the life of her cousin, Gerald McKinney, 21, member of a pioneer Palm Springs family.

Miss Campbell plunged into the pool at the Court last Thursday and brought the unconscious form of McKinney to the surface where his wife helped take him from the water. Then Miss Campbell applied artificial respiration until the fire department resuscitator equipment arrived.

McKINNEY WAS TAKEN to Desert hospital where his condition was at first pronounced critical. He recovered rapidly, however, and Monday was able to quit the hospital to return to his home.

McKinney, his wife and Miss Campbell went to the pool last Thursday where he practiced under-water tests for skin diving. He planned to stay under water to see how long he could hold his breath.

When he failed to move after the specified time, his wife, Mildred, and the San Bernardino girl became alarmed and the latter dove into the pool after him.

HE WAS UNCONSCIOUS and the girl brought him to the surface and the edge of the pool where the frantic wife aided in pulling him out. Miss Campbell then started her life saving work which she continued until

Building Activity in June Breaks 8-Year Record

Construction for Year Now Five Million

34 New Homes are Started in City; Many Apartments

Building records were topped in Palm Springs in June when 89 permits were issued with a valuation of \$1,299,368 — the highest single month in new construction here in almost eight years.

The month brought the year's total for the first half of 1955 to \$5,212,543.

At the end of the first six months last year the total was \$2,270,798.

DONALD GRAHAM, building inspector, said that, with one day to go before the end of the month — close of business today — permits had been issued for 34 dwellings, \$638,000, and 19 dwelling additions, \$87,200. Five apartments with 22 units, \$141,000, and three hotels, 60 units, \$281,000, also were begun. Ten pools were started at \$39,000, two commercial buildings were valued at \$41,000 and seven additions to commercial buildings, \$44,868.

OTHER PERMITS were for guest ranch additions, trailer park buildings and a church addition.

In June, 1954, the total was \$403,300. Last month's building record was surpassed only once before when building activity, held up for years by World War II was renewed.

Target Practice Dims Reflectors

Juveniles with rifles are becoming an increasing problem to police.

Harry Barber, caretaker at the Harold Clinton home, 2280 Cahulla Hills drive, told police that three red reflectors, attached to a chain across the driveway to the place while the family is away, had been shot out, apparently target practice or malicious mischief by youngsters.

LOOKING OVER the supply of pyrotechnics to be displayed over Palm Springs Monday night in the annual July 4 fireworks display are Joe Wood, in charge of firing, Herb Esbitt, Junior Chamber of Commerce president and Bill Bronstein, general chairman of the event. The display is sponsored by the Junior Chamber with the aid of almost all of the local clubs.

Village Groups Sponsor Great July 4 Display

Annual fireworks display at Polo Grounds Monday night will be 40 percent larger than the first event last year, Bill Bronstein, general chairman of the event for the Junior Chamber of Commerce, said yesterday.

The event is sponsored by the Junior Chamber with the assistance of most of the service organizations and clubs in the Village and the response from the latter has been so great that this year's event will surpass all others.

CHAIRMAN BRONSTEIN said that more than \$550 had been contributed to the fireworks funds by the Junior Chamber and assistant sponsoring organizations.

Civic organizations aiding in the event are the Chamber of Commerce, Junior Chamber of Commerce, Soroptimist, Rotary, Optimist and Lions clubs, Business Women's club, Elks, Shrine club, Knights of Columbus, Volunteer Firemen, Police Officers association, Police Reserves, American Legion, Veterans of Foreign Wars, VFW Auxiliary, Wednesday Night club, Hotel and Apartment House association and several individuals.

BRONSTEIN SAID that one order was placed with a Philadelphia firm for the fireworks but that, when the support became so enthusiastic, two more orders were placed.

The pyrotechnics arrived via Railway Express this week. Besides Bronstein as general chairman, Herb Esbitt is program chairman and Joe Wood in charge of the firing which will be done by members of the Volunteer Firemen.

LARGE FLASH SALUTES will herald the opening of the display Program Chairman Esbitt said.

26 Donate Blood at Final Visit of Bank at Hospital

Final visit this season of the Riverside-San Bernardino two-county blood bank at Desert Hospital Monday drew the largest response of the season, Robert Henwood, hospital administrator said.

Twenty-seven persons were present to donate blood and of these, 26 were found good. It was one over the quota of 25 pints.

Monday's visit of the blood bank was the last until September, Henwood said.

Sale of Airport Land Rejected

Agua Caliente Band of Mission Indians, in a special election Tuesday, overwhelmingly defeated a proposal to sell all or part of Section 18 (the Palm Springs Airport property) to the city.

The vote was three for the proposition and 17 against. Twenty six adult members of the Band voted with six ballots being thrown out.

PROWLER FLEES

Police sought in vain early Saturday morning for a prowler reported by Mrs. Frank Hilton, 213 Camino Buena Vista.

Police Getting Ready for Another Large Weekend

Chief of Police A. G. Kettmann yesterday, said that traffic enforcement this weekend, the three-day Fourth of July holiday, will be at the peak of the season level.

Initial Draft of School Budget Slightly Lower

Board of education of Palm Springs Unified School district met last night to start consideration of the budget for the 1955-56 fiscal year.

According to preliminary estimates, the budget will be about \$40,000 lower than last year.

Tentative figure, which started preliminary discussions last night was \$1,185,481 for the new year starting tomorrow.

FOR THE YEAR closing tonight, the outgo and reserves estimate was \$1,227,112.

Public hearing on the 1955-56 budget is slated for August 4. Board of education last night also officially received word that the federal government had allocated \$124,110 to the local district.

THIS APPROPRIATION will go toward construction of new school plants here and improvement and additions to existing buildings.

Federal funds are granted to school districts based on average daily attendance of children who reside on tax-free land. In Palm Springs this applies to residents of Indian land.

Chief of Police A. G. Kettmann yesterday, said that traffic laws will be strictly enforced although Summer and what used to be known as "the slack season" is here. The old smoldering Summer days of other years are gone and we intend to see that everyone has a good time — but a safe time. The weekend will mark the third three-day holiday this year and the police department will be prepared for it, Chief Kettmann said.

Brush Fire, Far Away, Cuts Off Power in Village

A brush fire miles from Palm Springs resulted in a 20-minute power black-out here Thursday afternoon. The heavy smoke billowing through California Electric Power Company power lines acted as a conductor, shorting them. Linemen, who had been working on the second line to stored it to emergency service the desert area quickly re-routed lights, coolers and machinery started functioning again.

Palm Tree Worker Suffers Odd Accident

Willie Gilmore of 336 South El Segundo road, was hurried to Desert Hospital Friday afternoon for treatment for severe cuts on his wrist. Gilmore is employed by Joe Leonard, mover, and was engaged in moving several large palm trees. During the operation one fell on his hand, shoving it through a glass plate. Leonard summoned aid and accompanied him to the hospital.

UNEDITED

By BILL RASHALL

For more than five years The Desert Sun and yours truly have been advocating a concerted campaign to increase travel to Palm Springs during Summer months.

But regardless of who advocated what, when or why and despite the dyed-in-the-wool opinion of many that no one will come to Palm Springs in the good old Summer time—it

has happened. They are coming! And more and more are going to continue to come to Palm Springs as one Summer merges into another. And more and more people are stretching Winter season visits longer and longer, and arriving much earlier.

As a matter of fact the Winter season has now deeply encroached into almost midsum-

mer as June 24 is traditionally known.

THE GREATEST SUCCESS in drawing Summer business into Palm Springs is Sam Levin, owner of the fabulous Biltmore hotel. Visit his establishment just any day (if you haven't already) and your eyes will pop! There are people—many of them, guesting at the Biltmore. And before you go on with this as just an unusual instance, visit the La Fonda where Mr. and Mrs. Leo Fine hold forth. Business there is excellent too!

And then hop skip and jump around the town on a tour, you skeptics, and visit such resorts (Summer resorts mind you) as the La Paz; Deep Well, Lone Palm (this hotel hasn't closed in years); The Rossmore, Del

Marcos, Vista Del Sol, Park Lane and many others too numerous to mention here.

FRANCIS CROCKER should take his slide rule out and start figuring on the number of people in this desert during this Summer! He could come up with a revelation of some sort or the other.

Miami booms in the Summer time. Right now too, in spite of the humidity and the heat. However, the hotels and restaurants there have a thing-a-ma-jig called refrigerated air conditioning. There should be more of those "make your own weather machines" in this town, too.

Listened to one very well known physician just talking the other day. Among the things he said was that the

practice of his profession was a frustrating one. The reason was that ninety per cent of persons who seek and pay for a doctor's advice never heed the advice they buy, to put it crudely. However, he added this portion to complete that statement: "The only compensation and inspiration to keep going is the ten per cent who do heed medical advice and, as a result, get well."

He said one other thing with a great deal of emphasis and in a manner of advice to me, was: "Bill, it is absolutely useless to argue with stupidity, medically and philosophically."

MERRITT WILLIAMS our postmaster reports that postal receipts for the fiscal year of 1954-55 totaled \$231,625.76 almost 9 per cent ahead of the

same period during the previous 12 month period. The most startling comparison was the one for 1950 when the sale of stamps, box rentals and second class mailing amounted to \$137,161.12. Don't forget post offices mostly deal in pennies.

Give people a reason for going out at night and they will come in droves. For instance—last Friday night in the Starlite Room of the Chi Chi. It was packed with Villagers during the finals for the Miss California contest. I tried hard to mention every one present from the stage but I didn't see them all (probably a biological reason) and if I had, I'd still be up there on the stage talking.

Patrol Officer Bob Johnson of our local police department bids farewell to single blessedness this Saturday at 7 p.m. when he

exchanges vows with lovely Betty Abajian in Los Angeles. He's beating Sgt Dale Thompson to the altar by a matter of two or three weeks. He is going to say unto Ione Coble: "I do promise"

Judge McCabe Outlines Desert Area's Court Needs

By the time 1960 rolls around this side of Riverside county will need an additional superior court and should at this time have in existence a municipal court for the convenience of thousands of residents living on the desert from Whitewater to the Colorado River.

Superior Judge Hilton McCabe, presiding judge of Department 4, whose court is in Indio, made this prediction as speaker at the Palm Springs Lions club meeting Thursday.

"ONE ONLY HAS to use the past growth of the area as a measuring stick in predicting what may occur here by the time 1960 rolls around," Judge McCabe said.

The jurist related the problems with which he is con-

fronted in the conduct of his court in Indio, particularly as related to adequate room for jury panels; housing for the court bailiff when on jury duty; adequate room for defendants in criminal actions who have the right to sit beside their counsel's, explaining:

"That when there is more than one accused person involved in the same matter the court would be in error if a second or more defendants were not permitted to sit beside counsel. But there is no room!"

JUDGE McCABE revealed that he has on several occasions urged the county board of supervisors to furnish his court with adequate facilities but that his appeal has fallen on deaf ears. He said that his court has been forced, and will soon again be forced, to rent sufficient space in which to hold big trials.

"The future, as near as 1960 should be taken into consideration before any planning and ultimate construction is decided for court rooms in Indio and all the appurtenant facilities that are necessary," Judge McCabe declared.

Harry Garland Dies Suddenly

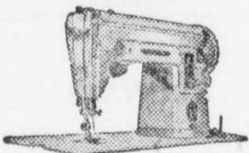

Last rites were said Tuesday for Harry Garland, 57, who died suddenly at Rancho Trailer park, 1563 South Palm Canyon drive Saturday. Death was due to a heart attack.

Mr. Garland, a native of Cincinnati, Ohio, has been a resident of Palm Springs for the past five years and of California since 1920.

He is survived by his wife, Mrs. Lucille Garland and two sisters, Irene Haines of Palm Springs and Helen Shain of Dayton, Ohio.

Palm Springs Elks lodge officiated at the services at Wiefels and Son Chapel. Interment was in the Palm Springs cemetery. Wiefels and Son funeral home was in charge.

Budgets all around us. With figures they are deft. But when they get through adding up, Just what have we got left?

This is the time of the year when people with adding machines and calculators spend hours figuring out how they can make it. They try not to and then come up with the answer that, while they are going to spend more, we won't have to pay any more. Because there are more people who will aid in totting the load. We work about two days a week for Uncle Sam. Then some more hours, even days, to keep city council in funds, the school happy, keep flood waters away and take care of the hospital. In the fourth district we pay extra to keep the roads smoother.

AT THIS TIME of year, in the past, I have always started off with a so-called bit of verse urging all to look alive, be alive and stay alive by being careful on the highways, what with three-day holiday traffic of July 4. The tax-levying bodies are also anxious that you do all of these things. Especially staying alive. Because if you don't, after the inherit-

ance tax, they can't collect anything more from you. Then, after the tax collector gets through with you, the charitable agencies begin. Well, let's look at the bright side. At least, you work a couple of days a week for yourself. To buy groceries, clothing, shelter, and the necessities of life such as tobacco and refreshments. But why all this griping? It's a beautiful day.

BEAUTIFUL NIGHTS, too. So nice and balmy that people hate to go to bed. Which accounts for notes on the police blotter from tired citizens who somehow, or other, can't see the pleasure in going swimming at 3 a.m. and call the PD when their neighbors do. It's that time of year again when the night shift gets many reports to please come down and quiet the neighbors who are cavorting in the pool across the way with assorted and sundry screams of pleasure. And barking dogs. They, too, have their big share of space in the police record. Seems the canines also want to play when it is dark, cool and balmy out-of-doors.

WHICH BRINGS to mind a communication received this week from a Villager. "I thought all dogs had to be kept on a leash or confined," this man wrote. "I like dogs. In fact, I have two. But I have spent lots of money to see that they are kept at home and don't bother the neighbors. But after doing all of this, taking care of my own, I find two or three or more loose dogs just raising hob around the place. Teaching my dogs bad manners. I probably am the biggest complainer the police have. About once a month I get the place cleaned up of other people's dogs. And then a new association of mutts take over. And I have to start dialing the police all over again. People who can't, won't, or are too careless to take care of their dogs, shouldn't be allowed to own them." He forgot to mention cats. They should be confined, too. And not allowed to roam and brawl and brawl at 2:10 a.m.

ANOTHER COMMUNICATION in the mail this week suggests the need for a new device in the desert. An air conditioner you can carry around with you. Mrs. Jane Havener writes as follows: "Dear Phat (thank you—Ed. Note) I am about to leave the desert for the Summer, and I dread the thought knowing that I will miss the peacefulness and relaxation that I find here in Palm Springs. We have a wonderful home and car air conditioners but, as yet, nothing to keep a person cool while out doors, walking in the desert heat. Would it be possible to interest The Desert Sun to approach the Chamber of Commerce with the idea that they try to interest some engineering company in manufacturing some type of PERSONAL PORTABLE AIR CONDITIONER that could be worn or carried out doors? Then no one would want to leave Palm Springs in the Summer." But, Mrs. Havener, if that were done, we'd all probably look like space cadets in our glass helmets.

FEW DRIVERS come to a full stop at a red boulevard stop sign. Practically all of them coast through, thus becoming law violators. So now they are going to make honest people out of them. At intersections where conditions permit it, the red stop signs are going to be replaced with yellow signs which warn "Yield the Right of Way." In other words, if there is no traffic at the moment on the through street, drivers may proceed slowly without stopping. Gov. Knight has signed a bill authorizing such signs in California. It's an experiment and if drivers do not abuse it, will become permanent. To many motorists, the yellow signs will not mean any change of driving habits. They do not stop for a red sign, anyway.

EDITOR'S CORNER

CUFF NOTES OF A TRAVELLER — Campaigns to clean up and beautify roadsides of America are being stepped up by many states and receiving much popular approval. The determined efforts of some states to outlaw the throwing of trash from car windows is already having its effect. Fines from \$100 to as much as \$500 for being caught littering the highway are giving litter bugs something to think about and the highways are posted with warning signs. I note in a bulletin of the California Roadside Council that campaigns to curb roadside litter in our state are being rapidly expanded. A heavy fine like even a \$100 fine would likely help a lot.

Did you notice that while Soviet Foreign Minister Molotov was stepping off a boat in New York City, our great metropolis was theoretically being destroyed by atom bombs dropped by Russian planes. At the same moment President Eisenhower and key government officials were hurrying from Washington to a secret mountain hideaway as part of the recent three-day Civil Defense test.

In Corpus Christi, Texas, city officials had \$500 in prizes to award to the one millionth driver to cross their Padre Island causeway. As the large crowd awaited the approach of the lucky motorist, the driver turned around and headed back toward Corpus Christi. The only explanation was that the driver did not want to pay the \$1 toll charge posted over the gate. Which reminds me that I paid a \$1.65 toll for driving over a large section of the Pennsylvania Turn Pike and thought it worth every cent of it.

In skipping around under storms that beset the powder puff derby flyers, Zaddie Bunker also skipped over the Jaynes' family who were waiting to greet her at the Fort Lauderdale International Airport, which was one of the check points. Having decided to abandon her solo flight because of foul weather, she flew right over us in a commercial plane enroute to Key West where she joined the others who were able to get through. I talked to several of the women flyers who landed here and all showed a great deal of interest in Mrs. Bunker. Zaddie's pictures appeared in almost all of the newspapers down this way which was proof of the wonderful publicity job she did for Palm Springs.

All Florida is stirred over the mysterious disappearance of Judge and Mrs. C. E. Chillingworth from their seaside home at Manalapan near Palm Beach and I presume the strange story has made California papers also. We drove by the home a few days ago and it was still swarming with police. Rewards totaling over \$100,000 have been posted for the return of either or both the judge and his wife or information which would lead to a conviction of the apparent kidnapers. What perplexes law enforcement officers is that there are practically no clues and people are now wondering if the couple will ever be heard from.

Over at Fort Myers a couple by the name of Mr. and Mrs. William A. Siniff have an old-fashioned nipple-and electric light bulb that has been burning nightly for 44 years which is something like 30,000 hours. The old, long filament with the curl in it, doesn't give much light anymore but it must have set some sort of record. The newspaper there commented that perhaps the locale encouraged the ancient bulb to burn on because the Siniffs live not far from the winter home of the late Thomas A. Edison who invented the incandescent electric light bulb. The average modern bulb by the way is made to last about 750 hours, but it costs much less than its forerunner and gives a lot more light.

Several cities in the South are battling against an invasion of mosquitos — particularly New Orleans and Hollywood, Florida. It's strange that these insects seem to like the tourists' blood more than that of the natives or maybe the regular residents have built up an immunity against them. The communities carry out all sorts of spraying programs from airplanes overhead, jeeps along the streets, and boats cruising the shorelines and canals. They have discovered unfortunately that the strange species which have been visiting Southern Florida are too healthy for the normal spray ingredients. Maybe they have built up an immunity, also.

Emanuel Trost

Taken by Death

Emanuel V. Trost, 55, well known local resident, died suddenly in his room at a local hotel Sunday. He complained of feeling ill at 8 a.m. but a little later was apparently much improved. A check of his room an hour later disclosed that he had died. Deputy Coroner James Bird said death was due to a heart attack. Mr. Trost was a pharmacist in Hollywood before coming here. He is survived by son, Richard, in Riverside, a daughter, Mrs. Joan Cole, and a sister, Mrs. Helen Craig. Funeral services were held at Riverside Wednesday.

Turns too Fast, Smacks Cafe and Pays \$53 Fine

Joe Hernandez of 732 North Allen street, Banning, was treated at Desert hospital for cuts and bruises early Saturday morning and then, later that day, paid a \$53 fine in Judge E. E. Theriault's court on a hit and run, property damage, charge.

Hernandez, proceeding south on Palm Canyon drive, according to police, turned into Arenas road but failed to straighten out his car.

The machine swung north and crashed into the side of the S. P. Maloof building on the northeast corner of the intersection.

Damage to the building and the La Petite Marmite restaurant occupying the corner, was estimated at \$1,500.

Harry Tuttle of 218 South Palm Canyon drive, reported to police just before midnight Friday that he had heard brakes squealing and then the sound of an automobile hitting a solid object. Looking out he saw an automobile had struck the building.

POLICE LATER FOUND the car abandoned at Amado road and Indian avenue and traced its ownership to Hernandez who was arrested after being given treatments for minor injuries. He appeared before Judge Theriault Saturday morning and entered a plea of guilty to the hit and run charge.

Cabazon Hears of Cement Mill and Draw Poker

Citizens of Cabazon, 17 miles north and west of the Village on Highway 111, at a mass meeting to discuss proposed incorporation, heard two speakers tell of plans for the community if it becomes a city of the sixth class.

William Shaw, Riverside attorney, told the group that if Cabazon incorporates, it has a chance to obtain a \$15 million cement plant.

Jerry Kossel, Hollywood tax and accounting consultant, said that he and his backers would build a million dollar, 100-room resort hotel "to compete with Palm Springs," and that draw poker would be established if the community was willing.

He said that draw poker would help the community over the rough spots of the first few years of incorporation.

The cement mill mentioned by Shaw is by the same group which sought to build a plant a few miles north of Palm Springs.

County supervisors, scheduled to pass on Cabazon's petition for incorporation Monday, postponed action, however, and will hold the hearing next Tuesday. They said they wanted more proof that the community has enough population to become a city.

Wheelbarrow Without Wheel Just a Barrow

What good is a wheelbarrow without a wheel?

Mrs. Axel Linus, Casa del Camino, 1447 North Palm Canyon drive, has the answer. No good.

She reported to police Monday that a thief had stolen a wheelbarrow, laden with garden tools, from the rear of her apartment house.

The barrow was found a short distance away, its contents intact—but no wheel.

Police are sort of puzzled by the theft.

Court Will be Setting for Next PlayerStage Offering

Judge E. E. Threlau's court at the city hall center, will be the authentic setting for the next offering of PlayerStage, "The Night of January 16," by Ayn Rand. The play deals with a trial and is set in a court. To provide a real background for the play, Martin Beck, PlayerStage producer, obtained permission from Judge Threlau and the city, to stage the performances in the courtroom on McCallum way.

"The Night of January 16," will be presented seven nights, tomorrow, Saturday, Sunday and Monday and the following weekend, July 8, 9, and 10.

A unique feature of the play is that it has no written ending. Each night a jury will be chosen from the audience to

Push Road Work in Lamb Canyon

Included in recommendations for county road improvements submitted for the new fiscal year, is a \$50,000 appropriation for further work on Lamb canyon road south of Beaumont.

This road provides a shortcut from the desert area to the Hemet-San Jacinto valley and to San Diego and south coast points via U. S. Highway 395.

John Croft, Local Area Resident 30 Years, Dies

John Clarence Croft, 79, a resident of the Palm Springs and Rancho Mirage district for the past 30 years, died at San Pedro Community hospital Sunday after a long illness.

A native of Cassville, Pennsylvania, he came to California in 1925, and to the desert area in 1925.

He was the son of a Lutheran minister and studied for the ministry himself until illness interrupted his college studies. He was also a well known musician, playing in several large orchestras and bands.

On the desert he engaged in the building business until six years ago when a heart ailment forced his retirement.

Mr. Croft is survived by his wife, Amy B. Croft of Rancho Mirage, a son, Walter A. Croft of Artesia, four daughters, Mrs. June Reuland, Alhambra, Mrs. Dixie Marsh, Palm Desert, Mrs. Kathrin Kersten, Indio, and Mrs. Barbara Seales, Azusa. Eight grandchildren, and five great-grandchildren, also survive.

Funeral services will be held today at 1 p.m. at the Little Church of the Flowers, Forest Lawn, Glendale, with interment there.

New Building Hours Keep Police Busy

The new set-up in building regulations is keeping the police department telephone busy. Because of the large amount of construction under way in the city, council last week relaxed the regulations against early and late building. The rules had prohibited construction work before 8 a.m. and after 5 p.m. Under the new regulations, building is permitted between 6 a.m. and 6 p.m. provided the contractor building department.

When the change went into effect, there was a rash of calls to police, complaining about noisy construction work before 8 a.m.

Investigation disclosed that all but one of the early morning builders had obtained a permit.

Carnation Corner

Here's a good way to prove to yourself how rich and fresh Carnation Homogenized Vitamin D Milk really is. Just put a teaspoonful on your tongue, leave it a moment, then swallow very slowly. The rich consistency tells you right away there is cream in every drop. And your taste buds tell you that here indeed is true milk freshness. Yes, dear reader, Carnation Homogenized Milk is truly a delightful beverage. One that does so much to nourish you and your family. Do serve it regularly!

HOLIDAY HINT

To me it's thrilling to see flags flying on our patriotic holidays! If you have a flagstaff, but don't have a holder for it, your husband can improvise one by using two pipe clamps. (My husband used the half-inch size.) Screw them to a window frame, or other convenient location. Then slip a nail into a hole drilled in the flagstaff; it acts as a bearing pin which rests against the top clamp, and holds the staff in place.

Carnation dairy products are rated tops for flavor, purity and freshness. But do you rate tops as a user of Carnation products? Try this little quiz and find out.

1. Carnation Milk and other dairy products should be refrigerated as soon as possible after delivery at your home, or purchase at your store.

☐ TRUE ☐ FALSE

2. The containers for all Carnation fresh milk products are specially developed for preservation of freshness and flavor. All Carnation products should be stored in their original containers.

☐ TRUE ☐ FALSE

3. Dairy foods should be removed from the refrigerator only as needed. Any leftovers should be put back in the refrigerator as soon as possible.

☐ TRUE ☐ FALSE

4. Containers for dairy products should be kept tightly covered in the refrigerator.

☐ TRUE ☐ FALSE

I'm so proud of you if you answered True to every question. If you did, you have a perfect 100 score!

Here we are at the peak season for salads—with so many delicious vegetables for your salad bowl! Tender garden lettuce, green onions, crisp young carrots. And here I am with a new salad dressing for you! Just as tangy as it is pretty.

Rosy Mayonnaise
(Makes about 1 cup)
1/2 cup coarsely diced tomatoes
1 tablespoon chopped onion
1/4 teaspoon salt
1/2 cup prepared mayonnaise
2 tablespoons lemon juice

I know your healthy children get plenty of good Carnation Homogenized Vitamin D Milk every day—but do you, too, Mom? Do you, too, Dad?

This Feline Makes Like Santa Claus

The felines broke into the news again Saturday.

Officer Charles Travers was called to the home of Mrs. Mearl Deyo, 481 San Carlos, where a cat was reported locked in the vacant home. Mrs. Deyo is spending the Summer in San Bernardino.

With the assistance of Tom Minsie, gardener at the place, Officer Travers entered the home and brought out the cat which was turned over to John Thomas, humane officer.

Mrs. Deyo was contacted via telephone and said the cat was not her property. She came down to Palm Springs to investigate and told police the cat apparently came into the home via the chimney as a pile of soot before the fireplace indicated.

She looked over the home and said that nothing else had been disturbed.

Ralph L. Watt, acting director of Palm Springs Youth Center, 386 North Belardo road, said this week that the establishment is now busy with its Summer schedule.

The Center is open from 10 to 5:30 p.m. and 6:30 to 10 p.m. every day.

Watt said that it is hoped to stage one or two teen-age dances during the Summer.

Boxing work-outs for those interested, are staged every Monday night starting at 7 o'clock.

Bond Grateful for City Aid in Safety Program

George E. Bond, superintendent of transportation for the Palm Springs Unified school district, last week in a letter to city council, expressed his appreciation for the cooperation he has received from city departments and police in maintaining an enviable safety record for the school bus system.

He cited especially the cooperation of the city in keeping corner trees and shrubbery trimmed to improve visibility and the constant assistance of the police traffic department.

Strebe Stars maintained their undefeated record in Little League play, defeating Hathaway-Buick 17 to 0 Friday night at Polo Grounds and racking up their eighth in a row Monday night over Junior Police 8 to 4.

In Friday's game they staged a 12-inning outburst in the third while Oscar Crawford, their pitcher, held the Braves to three hits. They were equally powerful Monday night when they trimmed the Junior Police 8 to 4.

The much-improved Junior Police team put on a 13-run inning against the Boys Club Friday to win 18 to 10, scoring in every inning.

In the other game Monday night, the Boys Club maintained their hold on second place by nosing out Hathaway-Buick 9 to 7.

From Page 1—MORE ABOUT TURF CLUB

neys for the county and the Desert Turf club took place in Superior Judge Bruce Findlay's court in San Bernardino when county superior court judges disqualified themselves.

Henry L. (Hank) Gogerty, president of the Desert Turf club, who first learned of Judge Findlay's decision via telephone from The Desert Sun, made the following statement:

"We will appeal to the California state supreme court. We are still of the opinion that the county board of supervisors should have granted the Desert Turf club a zoning permit which would follow the construction of the quarter horse racing and recreational track."

"INASMUCH as it takes time to file an appeal with the supreme court and time before it is studied by that legal body, quarter horse racing at Rancho Mirage this year is impossible."

Attorneys for The Desert Turf club had filed two petitions with the superior court. One sought the mandamus action and the other two in the form of a demurrer to the action of supervisors in denying the permit for horse racing. Both were denied.

San Bernardino County Judge Findlay held that the supervisors had a right to deny the zoning permit as well as the right to issue a permit for horse racing in Rancho Mirage.

"We are not through fighting yet," was Gogerty's last remark.

13 UNLUCKY FOR DHS IN SECOND LONG GAME

Desert Hot Springs Fireballs gave Desert League soft ball fans another 13-inning game last week but this time bowed in their first defeat of the season.

Twenty-nine Palms Marines broke up 12 innings of scoreless ball with a 3-run outburst in the first of the 13th and went on to blank the Fireballs in the last of the round.

The Marines halted the DHS win streak, 3 to 0 in one of the best-games ever played on the Polo Grounds.

BILL TICHENOR of the losers broke an all-time league record when he retired 30 men via the strike-out route in the 13 innings. His teammates accounted for only nine put-outs.

Green wasn't far behind and fanned 23 DHS players in the course of the long contest.

Tichenor had a 5-hit shut-out going until the top of the 13th when Bill Mosses slapped out a home-run to break the ice.

The Marines scored two insurance runs after that on three successive singles.

DESERT HOT SPRINGS sought to come back in their half of the 13th but were retired with one man left on base.

It was the second successive 13-inning game for the Fireballs. A week ago Friday night they defeated the Desert Nite Hawks 5 to 4 in 13 innings.

William Nash, manager of the Palm Springs district of the California Water and Telephone

Identity of Man Found Dead on Desert Unknown

All attempts to identify the body of a man, found on the desert just north of Palm Springs by a hunting party Sunday, had proved futile to date.

The victim had been dead for possibly six or seven weeks, Deputy Coroner James Bird said. He was approximately 70 years of age, Coroner Bird said that death was apparently due to natural causes.

In the man's wallet was a \$5 and a \$1 bill but no marks of identification. On a pocket watch found on the body the name "B. W. Raymond" was engraved but police did not know whether it was the man's name or that of a jeweler.

The body, lying under a scrub tree, was found by E. J. Shafer, his son, E. J. Shafer Jr., and a companion, Alan Campbell, all of Montebello.

It was removed to Wiefels and Son Mortuary where further attempts are being made to establish identification.

From where I sit... by Joe Marsh

If You Can't
Lick 'em—Join 'em

Just back from visiting with my daughter's family—and playing Grandpop to two of the cutest kids you ever saw. While there I picked up a couple of new ideas on child raising:

If your child's learning to use a pen, provide an old fountain pen—filled with bling. Looks and writes like ink, but won't stain clothes or furniture.

Maybe you have a boy, like my grandson, who thinks he's too old for a bib—but isn't. A big cowboy bandana works just as well, and looks he-man to boot.

From where I sit, getting along with children is like getting along with grownups—it requires an effort to see things from the other person's point of view. At any age, there's no accounting for tastes. Take my neighbor who keeps a parakeet and drinks hot coffee in the summertime. That seems strange to me... a man who's partial to hound dogs and a cooling glass of beer. But I'd be "childish" to say it was wrong.

The Desert Sun

Page 1-b Palm Springs, California, Thursday, June 30, 1955 2nd Section

Around Town

with Hildy Crawford

Smoke trees are in bloom now . . . and the soft masses of pale blue blossoms add color to Village streets . . . and are breath-takingly beautiful against the sandy beige of the desert . . . where it looks like the delicate trees are going up in smoke . . . These desert beauties catch the imagination like the curling smoke from a cigarette . . . inspiring dreams of desert dawns . . . of rippled sand dunes and blue shadowed mountains . . . A few artists have caught their ethereal quality . . . and where ever you glimpse their paintings of the smoke trees . . . it's like a breath of fresh desert air . . . It's sheer, nostalgic beauty . . .

Winter visitors know the glory of the desert . . . when it is carpeted with wildflowers . . . but the smoke tree in bloom is something they miss . . . unless they linger through June . . .

One of our most ardent desert lovers and horsewomen . . . Mary Hurrell left Thursday . . . motoring North to Banff, Alberta where she will spend six weeks with her son John Newell and his wife . . . and then go on to her former home in Vancouver, B. C. . . . Remodeling and redecorating of her home on Vereda del Sur will continue during the Summer . . . so that it will be ready for her when she returns . . . early in October . . .

Peggy Dexter has gone to San Francisco to visit Graham's mother . . . with Graham planning to join her there later . . . Pretty little Pam D'Auvray, Peggy's daughter will visit relatives in Portland . . . and then come back to attend Summer school in Idyllwild . . .

Sentimental Journey

Bob and Andrea Leeds Howard will celebrate the Fourth of July in sentimental fashion . . . They fly to Honolulu from Los Angeles International Airport on that day . . . where they will revisit the many interesting places where they honeymooned back in 1939 . . . From there Andrea and their two children, Bob Jr. and Leeann will go on to Tokyo . . . where the former movie queen will go on a buying spree for unusual objets d' art for her Howard

Manor shop . . . while Bob returns to Palm Springs to look after their famous hostelry . . .

Saw Phyllis and Dan Flax at the Chi Chi the other night . . . and Phyllis said they are planning to go into Los Angeles . . . to see "Teahouse of the August Moon" when it reopens there in July . . . and to visit with Barnard Hughes and his wife Helen Stenborg . . . Barney, of course, is in the "Teahouse" cast . . . and he and Helen and Phyllis are all well-known to Palm Springs Playhouse fans . . .

A note from Beth Scott in San Diego says . . . that her parents, the Albert E. Scotts, leave in early July to motor to Vancouver . . . From there they will take the train to Banff, Lake Louise and Jasper National Park . . . and will fly north and visit friends in San Francisco and Seattle . . . before joining her parents in British Columbia for the rest of their trip . . .

Over in Paris

There must have been a few tense moments in Paris . . . when Kathryn Burkhart's trunk with her wedding gown and veil . . . had not arrived two days before her wedding to James Blackstone Jr. . . . News of the Friday night wedding did not arrive in time for this issue of The Desert Sun . . . but should be here in time for next Thursday's paper . . . Florence Lockett, who is in Paris for the wedding, writes that she had

Pre-Nuptial Paris Party Honors Pair

Giant silver and "diamond" engagement and wedding rings on a silver pedestal, surrounded by white tulle and lilies of the valley, centered the table in Le Bristol restaurant in Paris last Wednesday night as Mrs. Donald Lockett of Palm Springs entertained at a pre-wedding party for Miss Kathryn Burkhart of Los Altos and Lt. James Blackstone II.

Scattered on the dinner table were bowknots of tulle and silver leaves, caught together with silver and crystal wedding rings. Place cards for the ladies had tulle and rosebud decorations while those for the men had white collars, black ties and a few shirt studs.

In addition to the guests of honor, the party included the bridegroom's parents Rev. and Mrs. James Blackstone, his sister Bonnie and brother Dick Blackstone; Miss Flora Williams of Pasadena, Miss Elizabeth Voshall of Los Altos; and Monsieur and Madame Albert Maillard of Paris.

Two nights later the young couple exchanged their wedding vows at the American Church in Paris.

Warren Strebes Fete Anniversary at Housewarming

Combining the celebration of their 18th wedding anniversary with a housewarming, Mr. and Mrs. Warren Strebe entertained at a patio dinner Saturday evening at their new house at 1074 Olive Way.

The Strebes' new four-bedroom home is very modern and uses aqua color throughout. An interesting feature is the combined kitchen and family room which opens out onto the patio.

Guests at the anniversary-housewarming were: Dr. and Mrs. Charles Baldwin, the Bill Fosters, the Robert Gregories and Mel Andersons of Los Angeles, Mr. and Mrs. Eddie Budd and Dr. Jack Nevins.

Col. and Mrs. Ward Woolridge expect to leave after July 4 for a vacation in Vancouver, B. C., where they have many World War II friends to visit.

Diana Green is Married in Rites at Newport Beach

Honeymooning in LaJolla are Mr. and Mrs. Charles Marland Johnson, who exchanged marital vows Friday evening in St. Andrews Presbyterian Church at Newport Beach. The bride is the former Diana Evelyn Green, daughter of Mrs. John Bishop Green and the late Mr. Green of 455 Camino Norte, Palm Springs and 811 Kings Road, Newport Beach.

Given in marriage by her uncle, W. W. McLachlin, the bride wore a floor length gown of white nylon tulle over satin, with all-over lace bodice, and its small high collar was encircled with pearls. A lace crown with seed pearls held a fingertip veil and she carried an orchid with streamers of lily of the valley on a satin and lace bound prayerbook.

She was attended by her three sisters, with Mrs. John Raymond Primasing as maid of honor and Carolyn and Suzanne Green as bridesmaids. Other bridesmaids were Mrs.

Hal Hanson, sister of the groom, Miss Gail Hicks, Miss Janet Benjamin and Miss Jerra Lynn Tyler. The bridesmaids wore gowns of white silk embroidered organza, ballerina length to set off their red satin slippers, and carried sheaves of red roses. The slippers and the roses were the only color notes in the all white wedding.

Junior bridesmaid was the bride's youngest sister Mary Ann Green and ringbearer was a nephew Ricky Primasing. Best man was William Moran and the ushers were Dave Koenig, Dale Hall, Hal Hanson, John Primasing, Carl Courtney, Robert Harris and John Green, junior usher.

The bride is a graduate of USC and a Pi Beta Phi. The bridegroom attended UCLA and Berkeley and is affiliated with Delta Sigma Phi. He is the son of Mrs. Orval Ray Johnson and the late Mr. Johnson of Los Angeles.

The young couple will reside in Newport Beach.

Mary Jean Lennie is Bride of Donald Macpherson Jr.

A wedding of widespread interest was solemnized on late Saturday afternoon, June 18, when Miss Mary Jean Lennie of Thousand Palms became the bride of Donald F. Macpherson, Jr., in a double-ring ceremony at the Community Church in Palm Springs. Officiating were the Reverend Deran Yaylian, assistant pastor of the Community Church, and the Reverend William Prichard, pastor of the Second Presbyterian Church of Los Angeles and a long-time friend of the groom's family.

The new Mrs. Macpherson is the daughter of Mr. and Mrs. Henry M. Lennie of Thousand Palms and the bridegroom is the son of Mr. and Mrs. D. F. Macpherson Sr., of Indio.

Nuptial music preceded the ceremony with Mrs. William Lux, organist of the Church, at the organ. Vocalists were Alex Hammond, who sang "O Promise Me" and Mrs. Hammond, the bride's former voice teacher who sang "I Love You Truly." Truly." At the close of the ceremony the Hammonds sang "The Lord's Prayer" as a duet. White candles in tall candel-

abra flanked the altar and there were floor baskets of pink and white gladioli, palms and other greenery. Sprigs of lily-of-the-valley in white satin ribbon bows adorned the pews and lined the way to the altar for the bride, who was given in marriage by her father.

The bride's gown was of white nylon lace and net over satin. Her hooped skirt was floor length and the full length sleeves tapered at the wrist, and the finger-tip illusion veil fell from a tiara of lace and pearls. Her "something blue" was a blue garter complete with lace, a sprig of lily-of-the-valley and a wedding ring, which was presented to her by college girl friends in her dormitory. She carried a bouquet of white gladioli and stephanotis with a lavender orchid in the center.

Bridal attendants wore identical embroidered organza ballerina length gowns in pastel shades with matching organza picture hats. Miss Ann Macpherson of Indio, sister of the groom, was the maid of honor. (More on Page 3b)

She was gowned in pastel green with white picture hat and carried a sheaf of blush pink roses. Junior bridesmaid was Miss Karen Odgers of Yucca Valley, a cousin of the bride, who wore pastel blue. The other attendants were Miss Ruth Smith of Rialto, the bride's college roommate, and Mrs. William Secrist of Los Angeles, cousin of the bride. They were gowned in pink and yellow, respectively, and each carried a sheaf of white carnations.

Attending his brother as best man was David Macpherson of India. Groomsmen were Dale Jones of Palmdale and Bob Evans of Pasadena, college friends of the groom, and William Secrist of Los Angeles, cousin of the bride.

Immediately following the wedding ceremony, the bride's parents entertained at a reception, held in the parlors of the church and catered by one of the Circles of the Woman's Society of the Church with Mrs. John W. Williams as chairman. The pink and white color scheme was carried out in the floral and other decorations. A four-tiered wedding cake, topped by a miniature bride and groom, was a beautiful white and pink creation. Mrs. Lux provided music on the piano during the reception. The bride's book was presided over by Miss Joan Wallace of Thousand Palms.

For her going away costume, the bride chose a white linen suit with pink accessories, and an orchid corsage. Following

a week's honeymoon at a beach cottage in Rincon, near Santa Barbara, Mr. and Mrs. Macpherson are now at home in Palmdale, where Mr. Macpherson is employed for the summer at nearby Edwards Air Force Base.

The groom, a graduate of Palm Springs high school and an education major, did her first two years of college work at Westmont College in Santa Barbara. She has been active in the Thousand Palms Community Church.

The groom, who graduated from Coachella Valley Union high school, is a senior in aeronautical engineering at California Polytechnic Institute in San Luis Obispo, where the young couple plan to make their home for the school term beginning in September.

Rename Coffman to Trade Board

Earl Coffman, well known Villager and chairman of the Mt. San Jacinto Winter Park Authority, was Monday reappointed to the board of directors of the County Board of Trade.

Coffman was nominated by Supervisor Homer Varner of the local district and the election was unanimous.

The Life Story of Nellie N. Coffman

"Mother of Palm Springs"

Today The Desert Sun prints the fifth installment of the life story of Nellie N. Coffman, founder of the Desert Inn and known as "The Mother of Palm Springs." The sixth chapter in the interesting story written by Leslie Harris will appear July 7.—Ed. Note)

"Melba, what kind of a shot are you with a gun?" This was no Calamity Jane speaking. This was the little girl from Patoka, Indiana, and Wootan Wells, Texas, grown into an old woman—one of the most respected figures in California and hostess at times to many of the world's great personalities.

A few things were happening in Palm Springs that Mrs. Coffman found distasteful. "Too withdrawn, now, to do anything about it herself, she had sent for one of her closest friends, Melba (Mrs. Frank) Bennett, then with her husband operating the Deep Well Guest Ranch out on Indio road.

"Melba, there's a sign right out there on Palm Canyon drive that shouldn't be there. Go out and shoot it down, tonight." The sign that offended Mrs. Coffman was an advertisement for "Colonics." She thought it was too conspicuously commercial. But colonics seem to be here to stay and Melba Bennett doesn't admit, at least, "shooting down" the sign. But she does recall that Mrs. Coffman's advice was always good and that she never hesitated to give freely, even to her competitors, as Deep Well Guest Ranch could have been viewed.

Once, Mrs. Bennett, in the early days of her own operation, had some "undesirables" under her roof. She went to Mrs. Coffman for advice. "What do you say to people to get rid of them?" she asked.

"Why, Melba, I don't say anything. I just wait it out. . . the gardener puts a little too much fertilizer around by their windows, a little breeze comes, and that's all it takes."

The grounds of the Desert Inn of today still seem far removed from jarring signs and the struggle with "undesirables." Under its arch have passed the most desirable hotel patrons in the world. But such a place takes building—years of it—and doubtless Mrs. Coffman had developed many types of techniques to make it and keep it the place she wanted it to be. And with this building she became a woman of remarkable stature. Sometimes she is depicted with her sunbonnet, a simple, homelike sort of woman with no pretensions whatsoever; again, she assumes authority, dignity, distinction, in the manner of an Eleanor Roosevelt. Many people who knew her could write the full story of her life better than I, and I am not attempting to do it completely, although there have been many offers of assistance from persons who wished to contribute in one way or another.

As Melba Bennett sat there in Fiesta House last Summer

telling me of these experiences with Mrs. Coffman, she spoke for a dozen or more of my other acquaintances who would like to see a full story of Mrs. Coffman as a civic figure, and not merely as a hotel woman, put into words. There was Francis Crocker for one, and Irwin Schuman, owner of the "Chichi" for another—both of them solid citizens and boosters for the real Palm Springs—and there were many others all over the southland. Generally speaking, outsiders were more convinced of the interest of the story than those who had lived too close to it. Louella Parsons is one who could contribute rich material about Nellie Coffman. She spent at least three years at Desert Inn in the early days regarding her health. Shirley Temple could tell many stories about Mrs. Coffman. She spent much of her childhood there, in a bungalow that Mrs. Coffman built especially for her. There, with a special tutor, Shirley had her education in the most ideal of surroundings.

Shirley, as a little tot, sitting on General Pershing's knee after luncheon in the dining room, makes one of the priceless pictures that come to mind, as described to me by a member of the Coffman family. While they were exchanging autographs, Shirley confided to the General, "Mommy says it gives her goose pimples just to see you."

Those were the days before press agents thought they had to invent situations to tempt the press. Situations were just happening every day, as they still are, for those with imagination to appreciate them. Just last spring there was the story that went out all over California about Judge George Edward Crothers, an annual visitor at Desert Inn, and the five forlorn

Stanford freshmen to whom he played good Samaritan. . . Just picked them up on the street during a heavy rain, took them to the Winter Garden Hotel and rented them a suite of rooms "for old time's sake." The Desert Sun and my good friend Herb Caen in San Francisco gave it a good play. The point was that these youngsters simply couldn't realize that this quiet old gentleman was the same person, now almost legendary, who had donated Crothers Hall and Crothers law library, and had been one of Stanford's first graduates and most important trustees.

Judge Crothers, now 85 years old, is of the same generation as Mrs. Coffman—and a good example of the type of person she won as an annual visitor to Palm Springs. Nellie Coffman's life was a "Who's Who" and yet from all that we know of her, she did not let names impress her. Like every individual who has what my friend Bruno Walter once described as a "sovereign personality," she met each and all on his own level. It is obvious today that too many people grovel before what they consider "big names"—thereby belittling themselves in the act.

LONG DISTANCE PAYS IN A HUNDRED WAYS

Look 4 Doors and no center posts!

It's the new kind of hardtop—The 4-Door Riviera!

You drop the side windows down on this airy beauty of a Buick with the solid steel roof—and it's as wide open as a Convertible, with no center posts to mar your view. That's what makes it a hardtop.

But what makes it a very special kind of hardtop is the fact that it has four doors instead of two.

Cheers? Brother!—they're really rolling out for Buick's 4-Door Riviera!

Now, you see, you can have the tremendously popular styling of a true hardtop combined with the room, comfort and full convenience of a 4-door Sedan.

And it took a completely new kind of body design to come up with this marvel—a new kind of body built to wholly new structural principles.

So it looks like Buick's done it again—

Freedom, Topic of Rev. Yaylian Sunday Morning

"The Desire to be Free," the sixth sermon in the series under the title, "Life's Greatest Expectations," will be the topic Sunday at 9:30 a.m. of the Rev. Deran Yaylian, assistant minister of community church. The sermon will be in keeping with the July 4 National holiday.

Sunday school classes will meet at 9:30 a.m. with classes from Nursery through Junior age.

Mid-week services are held each Wednesday at 7:30 p.m. in the church parlor. Refreshments will be served after the meetings.

Junior high and high school young people will meet at the church at 6:15 p.m., Sunday, Thursday evening at 6 p.m., their midnight swim, sack lunch and Bible study will be held.

"God" Theme of Sermon Sunday

The oneness and altness of God is the basic theme of the Sunday Lesson-Sermon in all Churches of Christ. Scientist, Sunday, The subject of the sermon is "God."

References which will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, declare, "God is one God, infinite and perfect, and cannot become finite and imperfect." "We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, waring no more over the corporeality, but rejoicing in the affluence of our God." (pp. 587, 140.)

This selection from Deuteronomy (6:4, 5) will be read from the King James Version of the Bible, "Hear, O Israel:

Polio Make-Up Shots Scheduled at Health Center

Make-up poliomyelitis inoculations for first and second grade school children who missed the regular second round in vaccinations in May, will be administered at Palm Springs Health Center, 459 East Amado road, starting at 1 p.m. today.

This will be the only day they are given in the local area, Dr. Everett M. Stone, county health officer said.

Children must have a request form signed by parent or guardian. Today's vaccinations will complete the inoculations provided by the National Foundation for Infantile Paralysis and given in the schools by the county Health Department assisted by the County Medical Association.

Dr. Stone said that for a child to receive the greatest benefit of the vaccinations, a third injection should be obtained from his family physician some seven to twelve months after the second.

Council to Wind Up Year Tonight

First of these meetings is scheduled for July 12.

The Lord our God is one Lord: And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might."

The Golden Text is from Psalms (77:13), "Thy way, O God, is in the sanctuary: who is so great a God as our God?"
